OVERVIEW

The Champagne tour is a bike and barge touring classic that not only allows guests to explore the world famous city of Paris, but also the Champagne region, famous of course, for producing Champagne wines. From the time the Benedictine monk Dom Pierre Pérignon invented the bubbly drink in 1670 at the Abbey of Hautvillers, the Champagne name has been synonymous worldwide with the very best of sparkling wines.

Every day you will cycle small country roads (including a few un- or semi-paved roads and tracks) that go slightly up and down the beautiful slopes of the wide river valley, through the hills and the Champagne vineyards.

On a daily basis you will have the opportunity to cycle to boutique wineries, sample a variety of champagnes, taste delicious cheeses of the Brie region and generally discover all gems that the Champagne region, UNESCO world heritage, has to offer. But more than just visiting the Champagne region, you will also have the opportunity to explore Paris, one of Europe's most beautiful and beloved cities. Other highlights of the tour include a visit to the city of Meaux, well known for its Brie cheeses and a stopover in Château-Thierry, scene of major battles in World War I. Along the way you will cycle through almost endless vineyards on the rolling banks of the Marne river and visit a local wine farmer. The tour starts in the city of Epernay, the real capital of the Champagne region, where you will have the opportunity to visit one of the town's imposing champagne cellars.

The ship – Your sailing hotel In between cycling excursions, you cruise along with the ship, which travels to a new destination every day. You dine, sleep and eat breakfast on board. You'll receive a packed lunch every day, and you can usually choose between a longer or shorter bike ride. It's also possible to spend a day on board if you like. Our ship will be the Zwaantje, The barge does have A/C. For more information about the ship and it's operators, see <https://www.eurosailtravel.com/boats-barges/zwaantje/>.
