Steamboat Lake

Overview

Come ride 5 scenic routes from Steamboat Springs in late June. During our days of touring, we will pass high country ranches, mountain lakes, hopefully sight the sandhill cranes that summer in the Yampa Valley and experience rural roadways. Small town charm and great amenities make Steamboat Springs the perfect place for our fixed base tour. We will enjoy a 5 night stay at the Inn At Steamboat, a small boutique hotel that is a quick descent to the Yampa River Core Trail which we will use at the start and end of each day's loop ride and a short drive or bus ride to downtown restaurants and shops. If you need a break from all that cycling then try a steamy soak at one of the valley's natural mineral hot springs or stroll through downtown for some retail therapy after enjoying dinner.
