- Cancellation:** [Standard cancellation policy](#)

Travel insurance is strongly recommended.

OVERVIEW

About 60 miles long and 15 miles wide, the valley of Jackson, Wyoming, known as Jackson Hole, is among the most picturesque in the U.S. Public lands account for about 97% of Teton County. With more than 56 miles of paved paths, we can bypass vehicular traffic while enjoying the scenery as we pedal around the valley.

Our fixed-base accommodation in Jackson will be the 49er Inn & Suites, within walking distance of Jackson's wonderful shops, restaurants, and art galleries.

July days are often warm and sunny with temperatures in the 70s and 80s, dipping down to the 40s at night.

With just 4 days of riding, we've planned this tour to be easy, where we'll be off the bike by early afternoon, which will enable us to explore the many activities and attractions. Each of the four rides will take us out of town on bike paths with access to pristine rivers, wilderness areas, cold lakes, tall mountains, colorful wildflowers, and unique wildlife. You can take a photo in any direction and capture a special piece of Jackson Hole's beauty.

ITINERARY

Day 0: Thursday, July 24, 2025

Check into the 49er Inn and Suites in Jackson. Orientation meeting will be held at 5:00 PM in the breakfast area of the hotel lobby.

Day 1: Friday, July 25

Grand Loop. 35 miles, 835 feet of elevation gain.

This loop ride on bike trails and roads takes us to Grand Teton National Park, Teton Village, and back to Jackson. The loop starts north out of Jackson on the bike trail that parallels Hwy 26 up to Moose. We cross the Snake River and turn onto Moose Wilson Road, which takes us to Teton Village and on to Wilson. We then head east on a bike trail and return to Jackson.

Day 2: Saturday July 26

Jenny Lake. 42 miles, 900 feet of elevation gain.

Today's out-and-back ride to Jenny Lake in Grand Teton National Park has us heading north on the same path as Day 1, riding up to Moose. At Moose, we enter the park and head north to Jenny Lake—an absolutely beautiful ride! Return via the same route.

Day 3: Sunday, July 27

Rest Day!

This is your day to enjoy rafting, hiking, bicycling Teton Pass (no SAG support provided), or exploring the town of Jackson. Or, if you prefer, Yellowstone National Park is just a 2-hour drive north. Make reservations ahead of time to enjoy your activity of choice.

Day 4: Monday, July 28

Hoback Junction. 38 miles, 1,000 feet of elevation gain.

Hoback Junction marks the confluence of the Hoback and Snake Rivers. A peaceful, cool descent paralleling the Snake River, we have a 1-mile section of gravel. We will provide options for those who wish to skip this section. We'll take a break next to the river and then head back north to Jackson.

Day 5: Tuesday, July 29

Gros Ventre Route. 36 miles, 800 feet of elevation gain.

We head north on what are now familiar bike paths, then east through sagebrush flats and over rolling plains to Antelope Flats. Antelope Flats Road features fabulous sights like historic Mormon Row, the Blacktail Butte area, and the Gros Ventre Mountains. At the conclusion of

today's ride, the SAGs will set up lunch at the hotel to allow riders who will be leaving a chance to snack, shower, and check out of the hotel. Lodging is not included on July 29, 2025.
